Abstracts

A diaper bag or nappy bag is a storage bag with many pocket-like spaces that is big enough to carry everything needed by someone taking care of a baby while taking a typical short outing.

The Asia-Pacific will occupy for more market share in following years, especially in China, also fast growing India and Southeast Asia regions. North America, especially The United States, will still play an important role which cannot be ignored. Any changes from United States might affect the development trend of diaper bags. Europe also plays important roles in global market.

Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency.
