Abstracts

This report studies the global Double Sided Tape market status and forecast, categorizes the global Double Sided Tape market size (value & volume) by manufacturers, type, application, and region. This report focuses on the top manufacturers in North America, Europe, Japan, China, India, Southeast Asia and other regions (Central & South America, and Middle East & Africa). Double-sided tape is any pressure-sensitive tape that is coated with adhesive on both sides. It is designed to stick two surfaces together, often in a way which is not visible in the end product, due to it being in between the objects rather than overlaying them. As Global overall economic downward trend in the past few years, and international economic situation is complicated, in the next few years there will be many uncertainties, and coupled with Double Sided Tape industry in short supply on the market in the past few years, more and more companies enter into Double Sided Tape industry, the current demand for Double Sided Tape product is relatively low, lack of demand, excess supply. Ordinary Double Sided Tape products on the market do not sell well; rubber's price is lower than past years. The signal of market price change indicates the trend in the Double Sided Tape industry, low-end product has excess capacity, and high-end product is not in short supply. Double Sided Tape product demand market has certain space, but basically showing the scarcity of high-end products, low-end products, excess capacity, there is a large market demand for high-end products to seize market share of imports acts, local enterprises export more low-end products overcapacity. As large demand of high-end products at home and abroad, many companies began to enter the field of high-end. Currently, the Chinese Double Sided Tape industry is not only begin to transit to high-end Double Sided Tape products, while still extend in the resource-rich land and downstream industry chain.

The global Double Sided Tape market is valued at 3620 million US\$ in 2017 and will reach 4370 million US\$ by the end of 2025, growing at a CAGR of 2.4% during 2018-2025.

Geographically, this report studies the top producers and consumers, focuses on product capacity, production, value, consumption, market share and growth opportunity in these key regions, covering

North America

Europe

China

Japan

India

Southeast Asia

Other regions (Central & South America, Middle East & Africa)

We can also provide the customized separate regional or country-level reports, for the following regions:

Industry

The study objectives of this report are:

To analyze and study the global Double Sided Tape

capacity, production, value, consumption, status (2013-2017) and forecast (2018-2025);

Focuses on the key Double Sided Tape

manufacturers, to study the capacity, production, value, market share and development plans in future.

Focuses on the global key manufacturers, to define, describe and analyze the market competition landscape, SWOT analysis.

To define, describe and forecast the market by type, application and region.

To analyze the global and key regions market potential and advantage, opportunity and challenge, restraints and risks.

To identify significant trends and factors driving or inhibiting the market growth.

To analyze the opportunities in the market for stakeholders by identifying the high growth segments.

To strategically analyze each submarket with respect to individual growth trend and their contribution to the market.

To analyze competitive developments such as expansions, agreements, new product launches, and acquisitions in the market.

To strategically profile the key players and comprehensively analyze their growth strategies.

In this study, the years considered to estimate the market size of Double Sided Tape are as follows:

History Year: 2013-2017

Base Year: 2017

Estimated Year: 2018

Forecast Year 2018 to 2025

For the data information by region, company, type and application, 2017 is considered as the base year. Whenever data information was unavailable for the base year, the prior year has been considered.
