Abstracts

This report studies the global Egg Protein market status and forecast, categorizes the global Egg Protein market size (value & volume) by manufacturers, type, application, and region. This report focuses on the top manufacturers in North America, Europe, Japan, China, India, Southeast Asia and other regions (Central & South America, and Middle East & Africa).

Egg proteins include Egg white powder, egg yolk powder and whole egg powder.

Talking about the egg white and yolk proteins, it can be said that one large egg contains about 6.5 grams of protein, out of which egg white protein content is about 3.6 grams.

Currently, there are three types of egg protein, including whole egg powder, egg white powder and egg yolk powder. Egg protein content in egg white powder is the highest.

While whole egg powder has the largest market share. In 2016, global production of whole egg powder is 74.0 K MT, with a market share of 37.90%. Production of egg white powder and egg yolk powder are separately 53.2 K MT and 68.0 K MT in 2016. In the future, we predict that whole egg powder will keep the leading market.

Since abundant raw material resource and mature production process, the egg protein market concentration degree is relatively lower. Current, there are lots of manufacturers all over the world. Manufacturers included in this report are Avangardco, Sanovo, IGRECA, Interovo, Bouwhuis Enthoven, BNLfood, Post Holdings, Eurovo Group, Rose Acre Farms, VH Group, Wulro, A.G.
