Abstracts

The Global Ethyl Tertiary Butyl Ether (ETBE) Industry 2016 Market Research Report is a professional and in-depth study on the current state of the Ethyl Tertiary Butyl Ether (ETBE) industry.

The market of ETBE is quite concentrated. In 2015, the market share of the five largest companies accounted for 63.91% of global market, which are Lyondell Basell, Total, Repsol, Braskem and Evonik.. Europe is the largest production base area of ETBE, followed by Brazil, USA and Japan. Though enjoying a high share in fuel additive market, in many European countries, the ETBE production lines are converted from MTBE plant line. In China and Japan, the consumption of ETBE increases all the way, because there are no ETBE manufacturers in China under the limit of ETBE synthesis technology.

Firstly, the report provides a basic overview of the industry including definitions, classifications, applications and industry chain structure. The Ethyl Tertiary Butyl Ether (ETBE) market analysis is provided for the international market including development history, competitive landscape analysis, and major regions' development status.

Secondly, development policies and plans are discussed as well as manufacturing processes and cost structures. This report also states import/export, supply and consumption figures as well as cost, price, revenue and gross margin by regions (USA, Europe, Brazil and Japan), and other regions can be added.

Then, the report focuses on global major leading industry players with information such as company profiles, product picture and specification, capacity, production, price, cost, revenue and contact information. Upstream raw materials, equipment and downstream

consumers analysis is also carried out. What's more, the ethyl tertiary butyl ether (ETBE) industry development trends and marketing channels are analyzed.

Finally, the feasibility of new investment projects is assessed, and overall research conclusions are offered.

In a word, the report provides major statistics on the state of the industry and is a valuable source of guidance and direction for companies and individuals interested in the market.
