## Abstracts

Facial Mask is a kind of skin care product applied on the face. The mask skin is attached to clean face when used. After 15~30 minutes, the nutrition in the facial mask will be absorbed by the skin of face, then the facial mask can be peeled. Facial mask has several functions like moisture retention, revitalizing, skin-whitening and anti-aging. The facial mask is generally stored in a covered bag before using.

For the consumption, North America and Europe sales have been rising as a consequence of improving economy. In terms of value, North America and Europe account for about 7.3% of total market share in 2017, while China growing at a good pace owing to large population and high economic growth rate occupies the 54% market share of the global consumption value. The increasing demand for skin care drives facial mask industry developing fast. For the brand owners, such as L'Oreal, Inoherb, SK-II, Magic and My secret diary are very popular in the world.

Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency. The global impacts of the coronavirus disease 2019 (COVID-19) are already starting to be felt, and will significantly affect the Facial Mask 3900 market in 2020.

COVID-19 can affect the global economy in three main ways: by directly affecting production and demand, by creating supply chain and market disruption, and by its financial impact on firms and financial markets.

The outbreak of COVID-19 has brought effects on many aspects, like flight cancellations; travel bans and quarantines; restaurants closed; all indoor events restricted; over forty countries state of emergency declared; massive slowing of the supply chain; stock market volatility; falling business confidence, growing panic among the population, and uncertainty about future.

This report also analyses the impact of Coronavirus COVID-19 on the Facial Mask 3900 industry.
