Abstracts

This report studies the global Flower Pots and Planters market status and forecast, categorizes the global Flower Pots and Planters market size (value & volume) by key players, type, application, and region.

This report focuses on the top players in North America, Europe, China, Japan, Southeast Asia India and Other regions (Middle East & Africa, Central & South America).

Flower Pots and Planters are the container which can be used for planting flowers small trees and other plants. Usually, planters are bigger than flower pots. There are a variety of materials for flower pots and planters, such as plastic, ceramics, wood, fiber glass, etc.

In the coming years there is an increasing demand for Flower Pots and Planters in the regions of US and Europe that is expected to drive the market for more Flower Pots and Planters. Growth in government budgets in the principal countries, increasing of garden expenditures, more-intense competition, launches in introducing new products will drive growth in United States and Europe markets.

Globally, the Flower Pots and Planters industry market is not concentrated as the manufacturing technology of Flower Pots and Planters is relatively matures than some high-tech equipment. And some enterprises, like The HC Companies, ELHO, Lechuza, Scheurich, etc. are well-known for the wonderful performance of their Flower Pots and Planters and related services. At the same time, Europe, occupied 39.15% revenue market share in 2015, is remarkable in the global Flower Pots and Planters industry because of their market share and technology status of Flower Pots and Planters.

The consumption volume of Flower Pots and Planters is related to downstream industries and global economy. As there will always be some uncertain in the global economy in the following years, the growth rate of Flower Pots and Planters industry may not keep that fast. But it is surely forecasted that the market of Flower Pots and

Planters is still promising.

The product average price declined in the past few years due to the technology development, the average price will keep the trend in the few future years due to increasing mature manufacturing technology and lowering cost of raw materials.

The impact on the cost and availability of raw materials and certain components is uncertain due to potential supply changes. The costs of raw materials have a significant impact on the level of expenses. If the prices of raw materials and related factors such as energy prices increase, and if new companies cannot pass those price increases on to customers, their results of operations and financial condition would suffer.

Although the market competition of Flower Pots and Planters is fierce globally, there are many enterprises can obtain considerable profit form the manufacturing and marketing of Flower Pots and Planters and that is the reason that we believe there will also be enterprises enter this market. But it is suggested that enterprises those have plans to enter this industry have careful analysis of this market and the advantages or disadvantages of themselves.

The global Flower Pots and Planters market is valued at 340 million US\$ in 2017 and will reach 430 million US\$ by the end of 2025, growing at a CAGR of 3.0% during 2018-2025.

On the basis of product, this report displays the production, revenue, price, market share and growth rate of each type, primarily split into

Plastic

Ceramics

Wood

Fiber Glass

Other

On the basis on the end users/applications, this report focuses on the status and outlook for major applications/end users, sales volume, market share and growth rate for each application, including

Commercial Use

Municipal Construction

Other

The study objectives of this report are:

To analyze and study the global Flower Pots and Planters sales, value, status (2013-2017) and forecast (2018-2025);

To analyze the top players in North America, Europe, China, Japan, Southeast Asia and India, to study the sales, value and market share of top players in these regions.

Focuses on the key Flower Pots and Planters players, to study the sales, value, market share and development plans in future.

Focuses on the global key manufacturers, to define, describe and analyze the market competition landscape, SWOT analysis.

To define, describe and forecast the market by type, application and region.

To analyze the global and key regions market potential and advantage, opportunity and challenge, restraints and risks.

To identify significant trends and factors driving or inhibiting the market growth.

To analyze the opportunities in the market for stakeholders by identifying the high growth segments.

To strategically analyze each submarket with respect to individual growth trend

and their contribution to the market

To analyze competitive developments such as expansions, agreements, new product launches, and acquisitions in the market

To strategically profile the key players and comprehensively analyze their growth strategies.

In this study, the years considered to estimate the market size of Flower Pots and Planters are as follows:

History Year: 2013-2017

Base Year: 2017

Estimated Year: 2018

Forecast Year 2018 to 2025

For the data information by region, company, type and application, 2017 is considered as the base year. Whenever data information was unavailable for the base year, the prior year has been considered.

Key Stakeholders
