Abstracts

This report studies the global Garment market status and forecast, categorizes the global Garment market size (value & volume) by manufacturers, type, application, and region. This report focuses on the top manufacturers in North America, Europe, Japan, China, India, Southeast Asia and other regions (Central & South America, and Middle East & Africa).

Garment are any article of clothing, it is made from all types of fiber and textile, worn on the body,.

The population of Indonesia ranks the fourth in the world, which is the most populated country and the largest economy of ASEAN.

There are over 3,000 garment manufactories above designated size in Indonesia, mainly manufacturing shirts, cotton T-shirts, corsets, underwear, coats, sports shirts and trousers. Most products of brands such as Marks & Spencer, Mango and Zara are manufactured there.

The textile and garment enterprises mainly distributed in countries such as Bandung, West Java and areas near Jakarta with investors from Taiwan and Hong Kong.

Bandung is the most developed city of garment industry in Indonesia. According to incomplete estimation, the annual output value of garments in Bandung accounted for over 40% in the country. In recent years, the cost of manpower increased, which led to the transfer of part of large-scale garment manufactories in West Java towards areas such as Yogyakarta and Central Java.

The global Garment market is valued at 23 million US\$ in 2017 and will reach 23 million US\$ by the end of 2025, growing at a CAGR of xx% during 2018-2025.
