Abstracts

This report studies the global Industrial Chocolate market status and forecast, categorizes the global Industrial Chocolate market size (value & volume) by manufacturers, type, application, and region. This report focuses on the top manufacturers in North America, Europe, Japan, China, India, Southeast Asia and other regions (Central & South America, and Middle East & Africa).

Industrial chocolate is a typically sweet, usually brown, food preparation of the obroma cacao seeds, roasted and ground, often flavored, as with vanilla. It is made in the form of a liquid, or in a block, or used as a flavoring ingredient in other foods.

Dark chocolate is the major type of industrial chocolate, and there are also types like milk chocolate. With fine taste of industrial chocolate, the downstream application industries will need more industrial chocolate products. So, industrial chocolate has a huge market potential in the future. Manufacturers engaged in the industry are trying to produce more kinds of taste industrial chocolate through improving technology and adding additional agent.

The major raw materials for industrial chocolate are cocoa beans, sugar and milk. Fluctuations in the price of the upstream product will impact on the production cost of industrial chocolate. The production cost of industrial chocolate is also an important factor which could impact the price of industrial chocolate. The industrial chocolate manufacturers are trying to reduce production cost by developing production method.

The global Industrial Chocolate market is valued at 50000 million US\$ in 2017 and will reach 73300 million US\$ by the end of 2025, growing at a CAGR of 5.6% during 2018-2025.

On the basis of product, this report displays the production, revenue, price, market share and growth rate of each type, primarily split into

Dark Chocolate

Others

By Application, the market can be split into

Chocolate Bars

Flavoring Ingredient

The study objectives of this report are:

To analyze and study the global Industrial Chocolate capacity, production, value, consumption, status (2013-2017) and forecast (2018-2025);

Focuses on the key Industrial Chocolate manufacturers, to study the capacity, production, value, market share and development plans in future.

Focuses on the global key manufacturers, to define, describe and analyze the market competition landscape, SWOT analysis.

To define, describe and forecast the market by type, application and region.

To analyze the global and key regions market potential and advantage, opportunity and challenge, restraints and risks.

To identify significant trends and factors driving or inhibiting the market growth.

To analyze the opportunities in the market for stakeholders by identifying the

high growth segments.

To strategically analyze each submarket with respect to individual growth trend and their contribution to the market.

To analyze competitive developments such as expansions, agreements, new product launches, and acquisitions in the market.

To strategically profile the key players and comprehensively analyze their growth strategies.

In this study, the years considered to estimate the market size of Industrial Chocolate are as follows:

History Year: 2013-2017

Base Year: 2017

Estimated Year: 2018

Forecast Year 2018 to 2025

For the data information by region, company, type and application, 2017 is considered as the base year. Whenever data information was unavailable for the base year, the prior year has been considered.
