This report focuses on the top players in North America, Europe, Asia-Pacific, South America, and Middle East & Africa.

A major consumer shift towards organic food and beverages has been witnessed in the food and beverages market of Western Europe since the past few years. This shift has occurred mainly due to increasing awareness among consumers regarding the unethical and synthetic ingredients in non-organic food and beverages products. This is the precise reason that production of organic milk is stringently regulated in this region and even to sell milk one needs to obtain the necessary license from relevant authorities.

By product type, the yoghurt segment was valued at more than US\$ 2,300 Mn in the year 2017 and by the end of the projected period, the yoghurt segment is likely to reach a market valuation of more than US\$ 4,000 Mn, expanding at a CAGR of 4.7%.
