Abstracts

The root vegetable known as Maca originates from the Peruvian Andes. Maca, also known as Peruvian Ginseng is reported to have numerous health benefits. In fact, powdered Maca is considered a unique superfood that boosts energy, improves stamina and enhances libido. Maca root powder is also widely used in many of the best male enhancement pills. Maca root extract is contained in many leading male enhancement supplements and is widely used to treat hot flushes, memory loss, stress, depression and fertility.

Maca extract is also rich in essential minerals such as phosphorus, iodine, potassium, sodium, manganese, calcium, iron and magnesium. Maca stimulates the pituitary gland and the hypothalamus, the glands responsible for regulating other important glands. This in turn, helps to re-balance the testicular, ovarian and adrenal glands, the pancreas and the thyroid.

Maca extract industry is mainly concentrated in Peru and China. Currently, there are many maca extract products producing companies in the world maca extract industry. The main market players are Koken, Peruvian Nature, Panpacific Corporation, Natural Health International, Inca Health and Jiaherb.

Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency. The global impacts of the coronavirus disease 2019 (COVID-19) are already starting to be felt, and will significantly affect the Maca Extract 3900 market in 2020.

COVID-19 can affect the global economy in three main ways: by directly affecting production and demand, by creating supply chain and market disruption, and by its financial impact on firms and financial markets.

The outbreak of COVID-19 has brought effects on many aspects, like flight cancellations; travel bans and quarantines; restaurants closed; all indoor events restricted; over forty countries state of emergency declared; massive slowing of the supply chain; stock market volatility; falling business confidence, growing panic among

the population, and uncertainty about future.

This report also analyses the impact of Coronavirus COVID-19 on the Maca Extract 3900 industry.
