## Abstracts

The “Global Optical Fiber Preform Industry 2016 Market Research Report” is a professional and in-depth study on the current state of the optical fiber preform industry.

In the past few years from 2011-2015, global Optical Fiber Preform industry developed fast with a 4%~20% growth rate to 2335.28 Million USD Revenue in 2015, which is mostly driven by emerging countries, like China, India, Brazil. In China, the high-end optical Fiber Preform materials mainly rely on import from foreign developed countries, like US, Germany, Japan. To meet the large demand for the high-end products, Chinese manufacturers will invest much more on the R&D, which will certainly weaken the dependence of imports.

Driven by the large demand at home and abroad in China, many companies began to enter the field of high-end. Currently, the Chinese optical fiber preform industry is not only to transit to optical fiber preform products, while still extend in the resource-rich land and downstream industry chain.

The report provides a basic overview of the industry including definitions, classifications, and industry chain structure. The optical fiber preform market analysis is provided for the international markets including development trends, competitive landscape analysis, and key regions development status.

Development policies and plans are discussed as well as manufacturing processes and cost structures are also analyzed. This report also states import/export consumption, supply and demand Figures, cost, price, revenue and gross margins.

The report focuses on global major leading industry players providing information such

as company profiles, product picture and specification, capacity, production, price, cost, revenue and contact information. Upstream raw materials and equipment and downstream demand analysis is also carried out. The optical fiber preform industry development trends and marketing channels are analyzed. Finally the feasibility of new investment projects are assessed and overall research conclusions offered.
