Abstracts

This report studies the global Organic Coconut Water market status and forecast, categorizes the global Organic Coconut Water market size (value & volume) by manufacturers, type, application, and region. This report focuses on the top manufacturers in North America, Europe, Japan, China, India, Southeast Asia and other regions (Central & South America, and Middle East & Africa).

Coconut water or organic coconut water is the clear liquid inside young green coconuts (fruits of the coconut palm). Coconut water has long been a popular drink in the tropical countries where it is available canned, or bottled.

First, coconut water benefits and coconut water nutrition are numerous due to the amount of essential nutrients it contains, which include vitamins, minerals, phytonutrients, amino acids, antioxidants, enzymes and growth hormones; because coconuts grow near the sea, they have continual access to mineral-rich salt water supplies, which enables them to absorb the water through their root systems. This makes coconut water a rich source of major minerals, such as potassium, calcium and magnesium, in addition to the trace elements iodine, zinc, sulfur, selenium, sulfur, manganese, boron and molybdenum.

Second, the global coconut water market is fragmented with too many small players across various regions. The production of coconut water is distributed evenly in USA, China, Europe, Brazil. China is the largest region of coconut water in the world in the past few years and it will keep the same position in the next few years. China markets took up about 62.48% the global market in 2015, followed by USA with the share of 23.31%.

Third, the global production of coconut water will increase from 1138.32 Million L in 2011 to 2310.08 Million L in 2016 at an average annual growth rate of more than 15.00%. In the world wide, the top five manufacturers of coconut water are Coconut Palm Group, VITA COCO, Coca-Cola(Zico), Yeniu, Pepsico(ONE,Amacoco). And the

production of Coconut Palm Group occupied about 27.69% in 2015.

The global Organic Coconut Water market is valued at 2270 million US\$ in 2017 and will reach 6230 million US\$ by the end of 2025, growing at a CAGR of 15.5% during 2018-2025.

On the basis of product, this report displays the production, revenue, price, market share and growth rate of each type, primarily split into

Pure Coconut Water

Mixed Coconut Water

By Application, the market can be split into

0-14 yrs

15-34 yrs

35-54 yrs

55 yrs up

The study objectives of this report are:

To analyze and study the global Organic Coconut Water capacity, production, value, consumption, status (2013-2017) and forecast (2018-2025);

Focuses on the key Organic Coconut Water manufacturers, to study the capacity, production, value, market share and development plans in future.

Focuses on the global key manufacturers, to define, describe and analyze the market competition landscape, SWOT analysis.

To define, describe and forecast the market by type, application and region.

To analyze the global and key regions market potential and advantage, opportunity and challenge, restraints and risks.

To identify significant trends and factors driving or inhibiting the market growth.

To analyze the opportunities in the market for stakeholders by identifying the high growth segments.

To strategically analyze each submarket with respect to individual growth trend and their contribution to the market.

To analyze competitive developments such as expansions, agreements, new product launches, and acquisitions in the market.

To strategically profile the key players and comprehensively analyze their growth strategies.

In this study, the years considered to estimate the market size of Organic Coconut Water are as follows:

History Year: 2013-2017

Base Year: 2017

Estimated Year: 2018

Forecast Year 2018 to 2025

For the data information by region, company, type and application, 2017 is considered as the base year. Whenever data information was unavailable for the base year, the prior year has been considered.
