## Abstracts

Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency. The global impacts of the coronavirus disease 2019 (COVID-19) are already starting to be felt, and will significantly affect the Salmon market in 2020.

COVID-19 can affect the global economy in three main ways: by directly affecting production and demand, by creating supply chain and market disruption, and by its financial impact on firms and financial markets.

The outbreak of COVID-19 has brought effects on many aspects, like flight cancellations; travel bans and quarantines; restaurants closed; all indoor events restricted; over forty countries state of emergency declared; massive slowing of the supply chain; stock market volatility; falling business confidence, growing panic among the population, and uncertainty about future.

This report also analyses the impact of Coronavirus COVID-19 on the Salmon industry. Based on our recent survey, we have several different scenarios about the Salmon YoY growth rate for 2020. The probable scenario is expected to grow by a xx% in 2020 and the revenue will be xx in 2020 from US\$ xx million in 2019. The market size of Salmon will reach xx in 2026, with a CAGR of xx% from 2020 to 2026.

QY Research has recently curated a research report titled, Global Salmon Market Research Report 2020. The report is structured on primary and secondary research methodologies that derive historic and forecast data. The global Salmon market is growing remarkably fast and is likely to thrive in terms of volume and revenue during the forecast period. Readers can gain insight into the various opportunities and restraints shaping the market. The report demonstrates the progress and bends that will occur during the forecast period.

**Global Salmon Market: Drivers and Restrains**

The research report has incorporated the analysis of different factors that augment the market's growth. It constitutes trends, restraints, and drivers that transform the market

in either a positive or negative manner. This section also provides the scope of different segments and applications that can potentially influence the market in the future. The detailed information is based on current trends and historic milestones. This section also provides an analysis of the volume of sales about the global market and also about each type from 2015 to 2026.
