Abstracts

This report studies the global Segway market status and forecast, categorizes the global Segway market size (value & volume) by manufacturers, type, application, and region. This report focuses on the top manufacturers in North America, Europe, Japan, China, India, Southeast Asia and other regions (Central & South America, and Middle East & Africa).

Segway is a two-wheeled motorized personal vehicle consisting of a platform for the feet mounted above an axle and an upright post surmounted by handles.

The classification of Segway includes Segway with Handle and Segway without Handle. The proportion of Segway with Handle in 2015 is about 58.52%, and the proportion of Segway without Handle in 2015 is about 41.48%.

China is the largest manufacturing region of Segway, with a sales market share nearly 12.19% in 2015. Europe is the second largest consumption area of Segway, enjoying production market share about 17.23% in 2015.

Market competition is intense. With the development of society and the changing of consumer demand, the Segway industry will be more and more popular in the future.

The global Segway market is valued at 1320 million US\$ in 2017 and will reach 1330 million US\$ by the end of 2025, growing at a CAGR of 0.1% during 2018-2025.
