Abstracts

This report studies the global Smart Locks market status and forecast, categorizes the global Smart Locks market size (value & volume) by manufacturers, type, application, and region. This report focuses on the top manufacturers in North America, Europe, Japan, China, India, Southeast Asia and other regions (Central & South America, and Middle East & Africa).

Smart locks are widely available, and allow users to open & close a door without keys. Smart locks can provide people with a high level of safety that is not provided by typical locks and alarms.

Allegion, Kwikset (Spectrum Brands) and Master Lock (Fortune Brands) are the USA market leader. And just like ASSA ABLOY, Allegion continues to acquire peer companies to occupy more market share. In the Korean market, Samsung and ASSA ABLOY are the market masters. In Japan, MIWA Lock has absolute market share. August is a new enterprise in USA. In the future, August lock will be a strong contender. Smart locks' downstream is wide and recently smart locks have acquired increasing significance in various fields of household field, commerce field and others. Globally, the smart locks market is mainly driven by growing demand for household.

According to our research and analysis, manufacturers from USA and Europe are the major leaders in the international market of smart locks. Manufacturers from China are immature in technology. There is large space in the China market, as well as big gap between international brands and local brands on price. With the development of Chinese smart locks production technology, their share in the global market will continue to increase, and competitiveness in the global market will also increase gradually.

The global Smart Locks market is valued at 1950 million US\$ in 2017 and will reach 2770 million US\$ by the end of 2025, growing at a CAGR of 5.2% during 2018-2025.
