Abstracts

Socket Set is a set of metal tools of different sizes that fix onto one handle and are used to fasten and unfasten nuts on pieces of equipment.

In the past few years, as the main raw material price was fluctuant, it can be predicted that the socket set raw material price might be slightly higher in the short term.

Moreover, the improvement of energy, transportation costs, and labor costs, will play a significant role in promoting the cost of socket set.

Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency.
