Abstracts

Plastic Tarpaulin is a piece of material which has been designed to be waterproof or water resistant. Tarpaulins are widely used in various settings for everything from providing shelter from inclement weather to protecting flooring from paint drips. The traditional tarpaulin is often made of cloth such as canvas, while the more modern tarpaulin tends to be made from modern materials like polyester coated plastics. The modern tarpaulin has advantages in height and it generally has vibrant colors.

In the last several years, United States market of Tarpaulin developed unsteadily, with the growth rate range from 4% to 5%.

In the application segment, transportation sector accounts for the largest share of tarpaulin in United States, about 63% of the total sales in 2016. In terms of tarpaulin types, PE tarpaulin dominated the market, with 56% market share in 2016.

The tarpaulin industry is fragmented. No companies can monopoly the market in United States. On the other hand, the players are increasingly focused on advanced product designing and development. This supports the companies in strengthening their product repertoire and in earning maximum revenue share for long-term growth in this sector.

The major players catering to the United States tarpaulin market are Heytex, Shur-Co, Midwest Canvas, Gyoha, Dothan Tarpaulin Products, Sattler Group, Puyoung Industrial, Tarpia, Glenn Harp & Sons, Gosport Manufacturing, Delong, A&R Tarpaulins, Detroit Tarp, Kaps Tex, Chicago Dropcloth & Tarpaulin, Verduyn Tarps and Tarp America.

Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency. The global impacts of the coronavirus disease 2019 (COVID-19) are already starting to be felt, and will significantly affect the Tarpaulin 3900 market in 2020.

COVID-19 can affect the global economy in three main ways: by directly affecting production and demand, by creating supply chain and market disruption, and by its financial impact on firms and financial markets.

The outbreak of COVID-19 has brought effects on many aspects, like flight

cancellations; travel bans and quarantines; restaurants closed; all indoor events restricted; over forty countries state of emergency declared; massive slowing of the supply chain; stock market volatility; falling business confidence, growing panic among the population, and uncertainty about future.

This report also analyses the impact of Coronavirus COVID-19 on the Tarpaulin 3900 industry.

Based on our recent survey, we have several different scenarios about the Tarpaulin 3900 YoY growth rate for 2020. The probable scenario is expected to grow by a xx% in 2020 and the revenue will be xx in 2020 from US\$ 2035.4 million in 2019. The market size of Tarpaulin 3900 will reach xx in 2026, with a CAGR of xx% from 2020 to 2026. With industry-standard accuracy in analysis and high data integrity, the report makes a brilliant attempt to unveil key opportunities available in the global Tarpaulin market to help players in achieving a strong market position. Buyers of the report can access verified and reliable market forecasts, including those for the overall size of the global Tarpaulin market in terms of both revenue and volume.

Players, stakeholders, and other participants in the global Tarpaulin market will be able to gain the upper hand as they use the report as a powerful resource. For this version of the report, the segmental analysis focuses on sales (volume), revenue and forecast by each application segment in terms of sales and revenue and forecast by each type segment in terms of revenue for the period 2015-2026.

Sales and Pricing Analyses

Readers are provided with deeper sales analysis and pricing analysis for the global Tarpaulin market. As part of sales analysis, the report offers accurate statistics and figures for sales and revenue by region, by each type segment for the period 2015-2026.

In the pricing analysis section of the report, readers are provided with validated statistics and figures for the price by players and price by region for the period 2015-2020 and price by each type segment for the period 2015-2020.
