Abstracts

Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency. The global impacts of the coronavirus disease 2019 (COVID-19) are already starting to be felt, and will significantly affect the Witbier market in 2020.

COVID-19 can affect the global economy in three main ways: by directly affecting production and demand, by creating supply chain and market disruption, and by its financial impact on firms and financial markets.

The outbreak of COVID-19 has brought effects on many aspects, like flight cancellations; travel bans and quarantines; restaurants closed; all indoor events restricted; over forty countries state of emergency declared; massive slowing of the supply chain; stock market volatility; falling business confidence, growing panic among the population, and uncertainty about future.

This report also analyses the impact of Coronavirus COVID-19 on the Witbier industry. Based on our recent survey, we have several different scenarios about the Witbier YoY growth rate for 2020. The probable scenario is expected to grow by a xx% in 2020 and the revenue will be xx in 2020 from US\$ xx million in 2019. The market size of Witbier will reach xx in 2026, with a CAGR of xx% from 2020 to 2026.

QY Research has recently curated a research report titled, Global Witbier Market Research Report 2020. The report is structured on primary and secondary research methodologies that derive historic and forecast data. The global Witbier market is growing remarkably fast and is likely to thrive in terms of volume and revenue during the forecast period.
