Abstracts

Proton Therapy Market in Italy would double by the end of 2021 from its market in 2016. There are currently three proton therapy centers in Italy that significantly increases their capacity to treat more patients. In Italy the first patients were treated with proton beams in 2002 at the INFN-LNS, Catania. Rising significant cancer incidence in Italy will further enhance the proton therapy market of Italy.

Italy Proton Therapy Market, Patients Treated at Proton Therapy Centers & Forecast published by Renub Research gives an assessment of Proton Therapy Industry. In this report we have studied the market in two parts a) Actual Market and b) Potential Market. The report also talks about list of all operational and future Proton Therapy Centers; Reimbursement Policies. Proton Therapy revenues from 3 companies (IBA, Varian Medical Systems, Elekta) has also been studied in the report.

a) Actual Market is the current market which is already present

b) Potential Market is the market which can be achieved; but it has yet not been achieved due to demand and supply gap. At present only a few proton therapy centers are available that can treat a limited number of patients each year.
