Abstracts

Taiwan started to develop its medical tourism sector in earnest only four years ago. But its medical tourism has become one of the biggest attractions for mid to high income Chinese tourists. Other countries such as India, Thailand and Singapore are all targeting Chinese for medical tourism market. Taiwan is emerging as the best choice for Chinese tourists due to no language barrier, the cost is reasonable and there is a sense of warmth and familiarity between Chinese and Taiwanese people. In 2011, the number of medical tourist arrivals in Taiwan was close to 20,000. The country's medical tourism market is expected to increase at 7% CAGR from 2012 to 2015.

Renub Research report titled "Taiwan Medical Tourism Analysis and Forecast to 2015" provides the current status and outlook of Taiwan medical tourism market survey analysis, comparison of the overall market size in Asia, Taiwan Medical tourism market covering in detail various aspects such as foreign patients' arrivals, revenue from foreign patients change projections and cost comparison of various types of surgery in the United States, UK and Taiwan. The report also entails major drivers and challenges of Malaysia Medical Tourism Industry.
