Abstracts

Kelin Environmental Protection Equipment, Inc. is an industrial dust-control solution provider integrated with R&D, design, manufacturing and sales of dedusting system and bag filter in the field of air pollution control, is one of the largest manufacturing enterprises for bag filters. Taking Baodai as brand, its products are widely used in dedusting, material recirculation and gas purification in industries like steel, electric power, grain processing and building materials. In 2010, its capacity reached 600,000 square meters and it was expected to expand to 1.05 million square meters after the raised-funds project achieved its full production.
