<https://marketpublishers.com/r/D67E836C169EN.html>

Date: February 2014

Pages: 0

Price: US\$ 250.00 (Single User License)

ID: D67E836C169EN

## Abstracts

Indian Coal Based Power Projects Database provides a quick and comprehensive data on over 260 thermal power projects operating across the country with their installed capacities. The database provides the following information about the thermal power projects:

Promoter Name

Project Name

Project Cost

Project Ownership

Project Completion Date

Number of Units

Installed Capacity

Location (District, State, Region)

Head office Address

Telephone Numbers

Email and Website

## **Database Highlights**

These provide details of the coal-based thermal power projects operating in the country.

The database reflects the thermal power plants' infrastructure across the country for meeting domestic power demand.

## **Your key questions answered**

Provides insights about the key coal-based thermal projects with their detailed information to understand the power plants scenario in the industry.

Allow new entrants to understand the market, and provide handy information about the existing power plants' locations and other details.

Critical for raw materials providing industries such as coal and others to understand the demand scenario and identify key target customers.
