Abstracts

The Indian Ophthalmoscope Market Outlook 2022 report is a professional and in-depth study on the current state of the Indian Ophthalmoscopes industry. The Indian Ophthalmoscopes industry has been garnering a lot of attention globally due to increasing GDP per capita and rising medical tourism. The medical tourism is anticipated to grow at 18% year-on-year, thus facilitating the entry of international players like HEINE, Welch Allyn, and Keeler & Riester, to capture the market in India.

India ophthalmoscope market is import-driven, with import shipments comprising of complete sets, parts & accessories. The increase in the value of ophthalmoscope imports is driven more by volumes than by the price of ophthalmoscope. Also, ophthalmoscope doesn't fall into notified medical device category when it comes to importing, thus cushioning the imports.

Recently, the Indian ophthalmoscope market has been witnessing a fabulous growth owing to the India's thriving economy. This growth in economy coupled with increasing eye related disorder is poised to generate a demand for world-class equipment in the country, and attract many international ophthalmoscope players in near future.

Moreover, the report also provides a detailed analysis of applications for which the Ophthalmoscopes are widely used. The report next provides an insight into the market trends such as analysis of the ophthalmoscope imports in the current and future scenario; country wise import statistics for ophthalmoscopes, and the current market penetration which can have a major influence in shaping the said growing market.

According to report on "Indian Ophthalmoscope Market Outlook 2022", the Indian Ophthalmoscope market is forecasted to witness a healthy growth from FY2016–FY2022. Furthermore, a brief analysis of share of direct & indirect ophthalmoscope has been provided. The report then studies the competition by doing

the key player analysis & the regional analysis (East, West, North, and South India), which is intended to help players extract benefits from the largely untapped but lucrative of Indian Ophthalmoscope market.

The entry barriers for international players have been studied and showcased in the report to help players make their decision wisely for current and future investments. The section for recent industry news will enable the reader to understand the current dynamics of the market. The research also provides insights regarding the investments made in the market.

On the competitive front, the report covers an overview of existing international vendors in the market along with their background, key financial information and product portfolios, thus making the report a must read for consultants and companies planning to enter the market.
