Abstracts

The Indian ethnic market has grown rapidly over the past few years, as women wear is receiving wider acceptance owing to the increase in disposable incomes and more women joining the workforce. Additionally, the religious and cultural diversity of India, where a wide range of occasions are celebrated, is among the considerable drivers of women ethnic wear market. The industry has also evolved quickly in past years, by transforming traditional clothing to modern design that represent a fusion of ethnic wear with western wear to associate with young population. Further, drivers such as economic growth, ease of payment, and other seamless experience have led to significant growth in the women's ethnic wear market.

Our latest report "Indian Women Ethnic Wear Market Forecast to 2020" provides an in-depth analysis of the organized and unorganized sector of the women ethnic wear industry.
