Abstracts

In the fast moving business economy, industrialization and globalization the evaluation and analysis for financial statement and financial reporting system is playing a significant role for the business management. The evaluation and analysis of financial reporting system is known as auditing by which business companies express their ethical business and financial business operations and activities. The reason behind auditing of the financial information is to present the real and actual financial information recorded by the company's management in the financial statements. The following report is presenting the analysis and evaluation for the audit report of Al Rajhi Bank Kuwait and American Financial Inc. The report is based on the analysis where comparison is presented among two selected companies from Kuwait and USA. Moreover, the report is also presenting the similarities and differences among the selected companies from USA and Kuwait with the regard of opinion and financial reporting standards.continued(wordcount of report: 3000)
