Abstracts

Books are famous media of communication for transferring the ideas and different concepts into words and then communicating it to the other people. In the current advanced world there are two basic forms of the books and each have separate definition. Like the traditional books are defined as the handwritten or the printed works that is categorized into different number of pages and sections depending on the different topics discussed in it. Another definition of the traditional books is the written form of communication that involves the transfer of idea from the mind of the author in the form of the words and then through these words it is transferred to the mind of the other people so according to this definitions the books main ideology is the transfer of the ideas and concepts from one mind to the other mind with the purpose of influencing the other mind and it is done with the help of the words. Another form of the books in the modern world are electronic books that is define as the digital books that consists on text, words, images etc and that can be read on the computers and other electronic devices (Magda Vassiliou, Jennifer Rowley, 2008). So these are the definitions of the books. Cont... (1000 words of this report)
