Abstracts

Kuwait is a country with strong economic and political factors and it has the stable petroleum and agriculture industries. However the petroleum industry is the main source of earning for the Kuwait so it is more dependent on the petroleum industry in comparison to the agriculture industry. In this report we will make comparison of the agricultural and the petroleum industries of the Kuwait and for this purpose we will use the SWOT analysis technique and will make comparison of the selected industries by identifying separately their strengths, weaknesses, opportunities and threats and then in the second part of the report we will identify the four different ways of attaining the sustainable competitive edge for the agricultural industry of the Kuwait. Cont... (1500 words of this report)
