### **Abstracts**

The term 'finance' has been derived from a French word 'finer' that means 'to make an end or to settle a debt'. So from here it can be concluded that finance is the process of providing funds to an entity or dealing with large amount of capital within any business. Now days in modern era, the finance holds a significant importance in every field economics & business world. Considering its vast application & great demand it has been classified into distinct branches; depending upon the nature of work.
