Abstracts

Travel for enjoyment or trade is known as tourism. Various factors such as attraction for business, entertainment factors, accommodation, and places for conducting business must be kept in mind while making a plan for tour. A person can travel within the country or outside the country. The international tourism place a vital impact on the balance of trade. The balance of payment of a particular nation are impacted by the tourism.

Nowadays, tourism is considered one of best sources of income for many nations (Ryan & Stewart 2009).

United Arab Emirates is considered one of best place for tourism factor. The importance of tourism in United Arab Emirates cannot be denied as it is great place of attraction for various tourists (Kumar, 2011). The government of the United Arab Emirates are paying more attention of upgrading places of attraction for tourists. It is best place in respect of business and,continued(wordcount of report: 2000 words)
