Abstracts

In this era of globalization and internationalization, the importance of internet is growing rapidly. The people with each age group want to use internet. Nowadays, everybody has modern cell phone in which they can enjoy internet through Wi-Fi or other services. Internet is a source of entertainment for numerous people. It provides various facilities and advantages. It is completely understood by us that internet is medium that is used for communication purpose. The people belong to diverse areas of the world can communicate and negotiate effectively through utilization of internet. Due to fast integration and development, the importance and significance of internet is increasing day by day (The blog, 2015).

Every aspect has some positive viewpoints and some negative opinions as well. Various people think that internet is source of communication for people. However, other thinks that it is just wastage of time for students. The students want to spend more and more time in using internet. They cannot pay complete attention on their studies and it brought some issues and problems. The grades of students decreased and they cannot promote significantly. According to my viewpoint, the use of internet is completely harmful for students. This impacts their studies and routine life badly. I would support my statement with help of below mentioned arguments.(continued...)wordcount of report: 1500 words
