Abstracts

The word malice implies the intention to wrong do with someone with the purpose to harm them. In case of media malice, this means intentionally giving false statements about someone on purpose by media. It is the violence and aggression that is caused by media. This kind of impacts has psychological and cognitive impacts on the people that are exposed to this kind of malice. The responses to this kind of media malice exposure are not simple. They cause more responsiveness in short duration of time, but after that this trend decreases. It depends on the level to which defaming and damaging statements are made about someone in media. One of the theories of media malice is "False Light". Cont... (750 words of this report)
