Abstracts

Old as new is an environmental friendly business that focuses on the recycling of different items and make the best use of the waste products and altered them into innovative and useful products. Old as new make productive use of the waste products that are very harmful for the environment like the plastic bottles, plastic bags and wood. We will start our business as a small corporation with this unique and different idea that is to provide the unique and different useful products to the people at low prices and with environmental friendly scope of the business and this is the unique idea behind our business and the low pricing along with beautiful and useful products will distinguish us from our rivals in the industry. We require management with special skills of making best use of the waste material and focus on the idea behind the business that is to provide favorable response to the sustainable environment concept and we need at least Master degree in different fields of specialization. The startup cost of the Old as new is 300,000 KD and we will utilize the self-funding of 220000 KD by selling shares and for 80,000 KD we will get it from the bank of Kuwait at rate of interest of 3.1%.
