## Abstracts

The main motive behind the current research is to find out the trend of the plastic surgery in the Kuwaiti society and for this purpose we will focus on the three different dimensions and that are the benefits and curses associated with the plastic surgery, influence of the plastic surgery on the Kuwaiti society and as how the celebrities with the plastic surgery impacted the people? For the purpose of analysis we used the survey method for getting the required data. We have collect the data from the general people of the Kuwait so that to judge their opinion regarding the three major aspects of the plastic surgery selected by us. Sample of 150 people were selected for the collection of the data. Questionnaire is used as a source of getting the information and we have selected 9 questions for getting the information from the respondents. The results show that the mostly people are afraid of the disadvantages of the plastic surgery and do not consider it beneficial for them and the celebrities do not influence them much for making them prepare for the plastic surgery; however the role of the celebrities with the plastic surgery was not appreciated much by the people.
