Abstracts

Racism is the faith that one particular race is superior from another race or inferior to another race. Racism is of various forms such as because of the religion supremacy, country supremacy, color superiority etc. Racism is the complicated interaction of the society because of the prejudice, stereotyping and distinction. It is considered as one the most dangerous social evil that influence different sphere of life. Racism is even prominent feature of the various well developed and advanced countries of the world. In the racism particular race, gender, class etc consider themselves superior than the other class, race or gender. Gender discrimination is another form of the racism. It is sometime also known as the ethnic distinction as according to the United Nations both racism and the ethnic discrimination are the same concepts with the same ideology behind them. In the modern world there is no single definition or description of the racism because now we can see the various forms of the racism. The racism is a important topic because it influence the people in various ways and it is one of the most dangerous social curse of the modern time that is still present even in the advanced countries around the world. We use the secondary data for answering our question as what is racism. Cont... (1000 words of this report)
