Abstracts

Nowadays, the trend of studying in foreign university is increasing due to quality and excellence of education and learning. Currently, a number of students are keen to take admission in foreign university in order to gain competent degree. They think the getting education in foreign university is excellent as compared to take admission in domestic universities. It completely depends on the choice and preferences of students. Local and international universities have pros and cons as well. In some countries, the local universities provide excellent quality of education. However, the world is changing completely and becoming global. In this era of globalization, the students prefer to get education in foreign universities. Studying in abroad universities provides unlimited benefits. The students get a chance to learn about traditions and culture of other countries. They make new friends and become more social. Studying in abroad widen the brain and motivates independence. The students learn how other individuals solve their issues without assistance of others. They think about better living standard and perform work excellently to improving living. Nowadays, the companies prefer student who have completed their education in foreign universities.
