Abstracts

Introduction:

Currently English language is used for worldwide trade, global connection, business as well as employment, the composition, and the media so numerous inspirations for understanding it come in existence.

According to Deda (2012), Richards described that English is not just language of English speaking community but it is considered as global language which can be globally used.

There are three categories of English speakers as mentioned by Crystal, one who used it as their mother language, those who use it as 2nd language and those who used it for foreign language.

Therefore there are numerous kinds of abilities and information is required to effectively converse in English.
