Abstracts

Description

Currently, there are over 30 million people around the world using non-steroidal anti-inflammatory drugs (NSAIDs) as anti-inflammatory pain-relief drugs. However, many drugs under the category of NSAIDs cause gastrointestinal adverse reactions such as ulcer, perforation and bleeding. The latest research has shown that among all the NSAIDs, celecoxib reports the lowest number of cases of gastrointestinal side effects. As a kind of NSAIDs, celecoxib is mainly used for osteoarthritis, rheumatoid arthritis and the adjuvant treatment of familial adenomatous polyposis. It is reported that over 100 million people in China suffer from arthritis, among which about 10% use celecoxib.

Developed by GD Searle & Pfizer, celecoxib came into the market in 1999 under the trade name of Celebrex. Ever since its debut in the US in Feb. 1999, celecoxib has been widely used and set a record for the largest amount of prescriptions among all the new drugs in that year. Celecoxib has become the No. 1 brand of anti-rheumatic drug with a reputation as the most successful branded drug in the market.

In Sep. 2000, celebrex (celecoxib capsule) made by Pfizer Inc was approved by CFDA to enter China. Celecoxib develops fast then, annual sales rising from CNY 20 million in 2005 to CNY 164 million in 2014 and CAGR reaching up to 24.59% during the period of 2005-2014. Celecoxib enjoys a vast demand in China. Currently, celecoxib in the Chinese market mainly come from two companies: Pfizer Inc and Shire Plc. They monopolize the Chinese market and Pfizer has a larger market share of over 98%, sales value reaching up to CNY 162 million in 2014.

The market size of celecoxib is expected to keep expanding in China in the next few

years.

Readers can get at least the following information from this report:

market size of celecoxib in China

market share of manufacturers of celecoxib in China

price of celecoxib in Chinese market

major manufacturers of celecoxib in Chinese market

market outlook of celecoxib in China

The author suggests the following groups of people purchase this report:

manufacturers of NSAIDs

investors/ research institutions interested in Chinese medicine market
