Abstracts

According to CRI statistics, approximately 230 Vietnamese suppliers exported green coffee beans (not decaffeinated) in 2024, totaling US\$4489 million. According to CRI analysis, Switzerland, Netherland and Singapore were the top three export destinations of Vietnam's Green coffee beans (not decaffeinated) in 2024, accounting for approximately 29%, 11% and 10% of the total export value, respectively. From January to July 2025, the cumulated export value reached US\$5971 million, an increase of 100% over the same period last year. CRI predicts that driven by the expansion of global coffee consumption demand, Vietnam's export value of green coffee beans (not decaffeinated) will be expected to continue to grow in the next few years.

To help global coffee beans buyers, traders and other related companies expand into the Vietnamese market more efficiently, CRI launches the 2023-2025 Vietnam Green Coffee Beans (Not Decaffeinated) Exporters Business Directory. This directory covers hundreds of Vietnamese roasted coffee beans exporters from 2023 to 2025, including large state-owned enterprises, private leading enterprises, regional cooperatives and foreign-funded/joint venture companies, etc. The content includes important information such as company name, contact address, contact information, annual export value, etc. It supports EXCEL format, which is convenient for screening, classification and batch contact at any time.

The publication of the 2023-2025 Vietnam Green Coffee Beans (Not Decaffeinated) Exporters Business Directory aims to provide global green coffee beans buyers and cross-border supply chain management companies with precise and efficient market expansion tools. It not only compiles core information on major Vietnamese green coffee bean exporters but also provides downstream buyers with a direct and efficient channel to target suppliers, facilitating efficient matchmaking and collaboration.

The directory serves as a valuable reference for understanding Vietnam's green coffee bean export landscape and a powerful support for businesses to diversify market risks, expand diversified channels, and formulate strategic decisions. Through this directory, companies can better capitalize on opportunities in the Vietnamese green coffee bean market, achieving resource sharing and mutually beneficial cooperation.

CRI has offices in Shanghai, China and Hanoi, Vietnam. We have been deeply involved in the Vietnamese market for many years and focuses on providing market research, project site selection, enterprise docking and supply chain integration services to companies planning to enter the Southeast Asian market.
