Abstracts

Quarterly Tracker is a quarterly publication presenting 360 analysis of quarterly performance of twenty Indian industries (comprising both manufacturing and service sector) and 240 companies listed on Bombay Stock Exchange (BSE). Each industry has a set of 12 companies, selected on the basis of Market Capitalization, for detail analysis. This pool of 12 companies forms the sample size of the industry for analysis leading to analysis of the Indian economy. Each company is analyzed, estimated and projected for the current quarter, forthcoming quarter and a coming financial year on the basis of past trends, current market scenario (international as well as domestic), government regulations and impact of changing dynamics on the industry using statistical tools.

Quarter Tracker can be a valuable input for stakeholders in business strategies, analyzing performance & competition and taking decisions on risk exposures in different industries in the India
