Date: July 2014

Pages: 25

Price: US\$ 1,200.00 (Single User License)

ID: A810572B856EN

Abstracts

The Global tablet market has been witnessing significant growth in demand and the emergence of various players in the industry. However, the market is still dominated by the two leading vendors that face high competition among themselves for the top-slot. The market is facing aggressive price pressures from white-box players and the hardware players are struggling against content-driven players.

Why should the report be purchased?

The report 'Assessment of the Global Tablet Market' highlights latest key trends emerging in the market along with initiatives being taken by the major service providers. The current market scenario and future prospects of the sector has also been examined along with the challenges the sector is facing. The report contains latest verbatim of industry experts.

Research methodology and delivery time

Smart Research Insights has conducted in depth secondary research to arrive at key insights. Data collected from key public industry sources and publications has been scanned and analyzed impartially to present a clear picture of the industry. All recent developments which impact the sector dynamics have been captured and used to support the research hypothesis.

The report is available as single-site single-user license. The delivery time for the electronic version of the report is 8 business days as each copy undergoes thorough quality check and is updated with the most recent information available. The dispatch time for hard copies is approximately 10 business days, as each hard copy is custom printed for the client

About Smart Research Insights (SRI)

SRI is a research organization specializing in industry research reports and custom research. Our team of dedicated researchers with rich experience across industry segments focuses on delivering high quality analysis. Undertaking in-depth secondary research we arrive at key insights, which are supported by data that has been analyzed impartially to present a clear picture of the industry. All recent developments and industry opinions which impact the sector dynamics are captured and used to support the research hypothesis.
