Abstracts

Executive Summary

The global recession has hit the business jet market hard and it is predicted that the manufacturing of new business jets is not likely to reach to pre-recession levels for almost another ten years. Deliveries of new business jets halved in the past few years. There has been a growth in the bigger, longer-range business jets while the small and medium jet segment continues to face challenges.

Why should the report be purchased?

The report 'Growth of the Global Business Jets Market' highlights key drivers of and trends emerging in India's battery market. The Initiatives and performance of key players has been presented. The current market scenario and future prospects of the sector has also been examined. The report contains latest industry leaders verbatim.

Research methodology and delivery time

Smart Research Insights has conducted in depth secondary research to arrive at key insights. Data collected from key public industry sources and publications has been scanned and analyzed impartially to present a clear picture of the industry. All recent developments which impact the sector dynamics have been captured and used to support the research hypothesis.

The report is available as single-site single-user license. The delivery time for the electronic version of the report is immediate. The dispatch time for hard copies is approximately 3 business days.

About Smart Research Insights (SRI)

SRI is a research organization specializing in industry research reports and custom research. Our team of dedicated researchers with rich experience across industry segments focuses on delivering high quality analysis. Undertaking in-depth secondary research we arrive at key insights, which are supported by data that has been analyzed impartially to present a clear picture of the industry. All recent developments and industry opinions which impact the sector dynamics are captured and used to support the research hypothesis.
