Abstracts

The study will be available in electronic form, after an order is received, within 6 days.

Olive oil is a traditional product which plays an integral role in Greek nutritional habits, thanks not only to the flavour it adds to meals, but also to the benefits of its consumption for the human organism.

This study was compiled by STOCHASIS Management Consultancy S.A. and aims to reflect the current state of the Olive Oil in Greece and to examine its prospects, while presenting information on the international market.

More specifically, the first five chapters of the study feature information on the Olive Oil, which refer to general characteristics, the institutional framework, the demand, the offer and the size of the industry. In the sixth chapter of the study we will present information on the relevant market internationally. Finally, we will present the conclusions and the prospects of the market, as well as an annex with selected financial indicators of main olive oil processing companies in 2010-2012.
