Abstracts

Color cosmetics is a broad term which encompasses different categories of products for skin, eyes, cheeks and lips. These makeup products enhance overall physical appearance, conceal flaws or define features, making one appear healthier and look more refreshed. The color cosmetics market in Uganda is set to grow at a healthy compound annual growth rate (CAGR) of 7.2% in the next five years, according to data and analytics company StrategyHelix. Continuously rising personnel disposable income levels, growing demand for beauty and personal care, increasing consumer health awareness about personal care and fashion trends are expected to boost the market growth in the coming years.

The report provides up-to-date market size data for period 2017-2020 and forecast to 2027 covering key market aspects like sales value for color cosmetics. The Uganda color cosmetics market is segmented on the basis of price range, application, and distribution channel. By price range, the color cosmetics market in Uganda has been segmented into prestige product, mass product. In 2020, the mass product segment made up the largest share of revenue generated by the color cosmetics market. Based upon application, the color cosmetics market in Uganda is categorized into eye make up, facial make up, lip products, nail products. On the basis of distribution channel, the color cosmetics market in Uganda has been segmented into supermarkets & hypermarkets, specialty stores, online retailing, others.

The color cosmetics market in Uganda comprises only a handful of players such as BioCosmetic Research Labs.
