## **Abstracts**

Depilation, also known as hair removal or epilation, is the deliberate removal of body hair or head hair. Depilatory methods include shaving, bleaching, plucking, waxing, use of chemical depilatories, and electrolysis. According to StrategyHelix, the depilatory products market in Singapore is poised to grow at a CAGR of around 0.4% over the analysis period of 2021 to 2027. Rising consumer disposable income and living standards coupled with increasing urbanization, rising consciousness with respect to personal grooming and enhancing aesthetic appeal are expected to boost the market growth in the coming years.

The report provides up-to-date market size data for period 2017-2020 and forecast to 2027 covering key market aspects like sales value for depilatory products. The Singapore depilatory products market is segmented on the basis of product, and distribution channel. Based on product, the depilatory products market in Singapore is categorized into hair removal & bleaching creams, pre-shave oils & lotions, electronic devices. The electronic devices segment captured the largest share of the market in 2020. On the basis of distribution channel, the depilatory products market in Singapore has been segmented into supermarkets & hypermarkets, specialty stores, online retailing, others.

Key companies profiled in the report include The Procter & Gamble Company, Reckitt Benckiser Group plc (RB), Edgewell Personal Care Brands LLC, Church & Dwight Co. Inc.

The report is an invaluable resource for companies and organizations active in this industry. It provides a cohesive picture of the depilatory products market to help drive informed decision making for industry executives, policy makers, academic, and analysts.
