Abstracts

Depilation, also known as hair removal or epilation, is the deliberate removal of body hair or head hair. Depilatory methods include shaving, bleaching, plucking, waxing, use of chemical depilatories, and electrolysis. The depilatory products market in Turkey is anticipated to expand positively at a CAGR of 9.6% during the forecast period (2021-2027), according to StrategyHelix. Rising consumer disposable income and living standards coupled with increasing urbanization, rising consciousness with respect to personal grooming and enhancing aesthetic appeal are expected to boost the market growth in the coming years.

The report provides up-to-date market size data for period 2017-2020 and forecast to 2027 covering key market aspects like sales value for depilatory products. The Turkey depilatory products market is segmented on the basis of product, and distribution channel. By product, the depilatory products market in Turkey has been segmented into hair removal & bleaching creams, pre-shave oils & lotions, electronic devices. According to the research, the electronic devices segment had the largest share in the depilatory products market in Turkey. Based upon distribution channel, the depilatory products market in Turkey is categorized into supermarkets & hypermarkets, specialty stores, online retailing, others.

Top players covered in Turkey Depilatory Products Market Study are The Procter & Gamble Company, Kopas Kozmetik Pazarlama Ve Sanayi A.S., Reckitt Benckiser Group plc (RB), CAMSAKIZI KOZMETIK SANAYI VE TICARET LTD. STI.
