Abstracts

Energy drinks are widely promoted as products that increase energy and enhance mental alertness and physical performance. These drinks contain high levels of a stimulant ingredient, usually caffeine, as well as sugar and often supplements, such as vitamins or carnitine. A study by StrategyHelix indicates that the energy drinks market in Angola is set to grow at a healthy compound annual growth rate (CAGR) of 8.2% in the next five years. Increasing popularity of various product offerings, growing consumer inclination toward reduced sugar & sugar-free beverages, increased promotional and advertisement strategies by the manufacturers are expected to boost the market growth in the coming years.

The report provides up-to-date market size data for period 2017-2020 and forecast to 2027 covering key market aspects like sales value for energy drinks. The Angola energy drinks market is segmented on the basis of product, end user, and distribution channel. Based on product, the energy drinks market in Angola is categorized into regular, sugar-free. The regular energy drinks segment held the largest share of the Angola energy drinks market in 2020 and is anticipated to hold its share during the forecast period. On the basis of end user, the energy drinks market in Angola has been segmented into teenagers, adults, others. By distribution channel, the energy drinks market in Angola has been segmented into supermarkets & hypermarkets, specialty stores, convenience stores, grocery stores, online retailing, others.

As of 2020, the major players in the Angola energy drinks market were Refriango Lda, Red Bull GmbH, Anjani Foods & Beverages LDA, The Coca-Cola Company.
