Abstracts

An adhesive is a substance that sticks to the surface of an object such that two surfaces become bonded. The use of adhesives offers certain advantages over other binding techniques such as sewing, mechanical fastenings, or welding. These include the ability to bind different materials together, the more efficient distribution of stress across a joint, the cost-effectiveness of an easily mechanized process, and greater flexibility in design. A study by StrategyHelix indicates that the global adhesives & sealants market is expected to increase by US\$ 18,309 million from 2021 to 2027, garnering a CAGR of 4.7% during the forecast period.

The report provides up-to-date market size data for period 2017-2020 and forecast to 2027 covering key market aspects like sales value for adhesives & sealants. The global adhesives & sealants market is segmented on the basis of product, chemistry, application, and region. Based on product, the global adhesives & sealants market is categorized into adhesives, sealants. The adhesives segment captured the largest share of the market in 2020. On the basis of chemistry, the global adhesives & sealants market has been segmented into hot-melt, acrylic, PSAs, epoxy, PUR, polyvinyl, cyanoacrylic, anaerobic, others. By application, the global adhesives & sealants market has been segmented into paper & packaging, building & construction, woodworking, industrial assemblies, transportation, others. In terms of geography, the global adhesives & sealants market has been segmented into North America, Asia Pacific, Europe, Middle East and Africa, Latin America.

The adhesive market is further segmented into physically hardening adhesives, chemically curing adhesives, and pressure-sensitive adhesives (PSAs). According to the research, the physically hardening adhesives segment had the largest share in the global adhesives & sealants market. Furthermore, the sealant market has been categorized into one-component sealants, two-component sealants, and others. StrategyHelix research indicates that the one-component sealants segment occupied

the largest share of this market in 2020 and is expected to draw the highest demand in coming years.

The global adhesives & sealants market is highly competitive. Some of the leading companies operating in the market are Arkema S.A. (Bostik S.A.), Ashland Global Specialty Chemicals Inc., Avery Dennison Corporation, Dow Inc., H.B. Fuller Company, Henkel AG & Co. KGaA, Huntsman Corporation, Illinois Tool Works Inc., Sika AG, The 3M Company, Wacker Chemie AG.

Report Scope
