## Abstracts

Cybersecurity refers to the methods, efforts, and tools used to protect digital data, networks, and devices from unauthorized access, criminal attacks, or even damage. With more devices connected to the internet, cyber criminals now have increased opportunities to attack businesses, networks, and people. Cybersecurity will be the most crucial technology segment in the forecast period and is projected to grow faster than the overall security market. The global cyber security market is set to increase by US\$ 132,716 million from 2021 to 2027, representing a compound annual growth rate (CAGR) of 10.7% during the forecast period. Rapidly increasing cybersecurity incidents and regulations requiring its reporting, increase in adoption of IoT and BYOD trend, rise in malware and phishing threats among enterprises are expected to boost the market growth in the coming years.

The report provides up-to-date market size data for period 2017-2020 and forecast to 2027 covering key market aspects like sales value for cyber security. The global cyber security market is segmented on the basis of type, solution, deployment, end user, and region. On the basis of type, the global cyber security market has been segmented into network security, cloud security, application security, end-point security, wireless network security, others. The network security segment is estimated to account for the largest share of the global cyber security market. By solution, the global cyber security market has been segmented into identity and access management, data loss protection, antivirus and antimalware, risk and compliance management, encryption, firewall, disaster recovery, others. Based on deployment, the global cyber security market is categorized into cloud, on-premise. Globally, the on-premise segment made up the largest share of the cyber security market. On the basis of end user, the global cyber security market has been segmented into defense and intelligence, IT and telecommunication, BFSI, retail, government, healthcare, manufacturing, others. In terms of geography, the global cyber security market has been segmented into North America, Asia Pacific, Europe, Rest of the World (ROW).

The global cyber security market is highly competitive. Some of the leading companies operating in the market are Booz Allen Hamilton Holding Corporation, Check Point Software Technologies Ltd., Cisco Systems Inc., Fortinet Inc., International Business Machines Corporation, Microsoft Corporation, NortonLifeLock Inc., Palo Alto Networks Inc., Thales Group.

#### Report Scope

Type: network security, cloud security, application security, end-point security, wireless network security, others

Solution: identity and access management, data loss protection, antivirus and antimalware, risk and compliance management, encryption, firewall, disaster recovery, others

Deployment: cloud, on-premise

End user: defense and intelligence, IT and telecommunication, BFSI, retail, government, healthcare, manufacturing, others

Region: North America, Asia Pacific, Europe, Rest of the World (ROW)

Years considered: this report covers the period 2017 to 2027

#### Key Benefits for Stakeholders

## Contents

### **PART 1. INTRODUCTION**

Scope of the study  
Study period  
Geographical scope  
Research methodology

### **PART 2. CYBER SECURITY MARKET OVERVIEW**

### **PART 3. MARKET BREAKDOWN BY TYPE**

Network security  
Cloud security  
Application security  
End-point security  
Wireless network security  
Others

### **PART 4. MARKET BREAKDOWN BY SOLUTION**

Identity and access management  
Data loss protection  
Antivirus and antimalware  
Risk and compliance management  
Encryption  
Firewall  
Disaster recovery  
Others

### **PART 5. MARKET BREAKDOWN BY DEPLOYMENT**

Cloud  
On-premise

### **PART 6. MARKET BREAKDOWN BY END USER**

Defense and intelligence

IT and telecommunication

BFSI

Retail

Government

Healthcare

Manufacturing

Others

## **PART 7. MARKET BREAKDOWN BY REGION**

North America

Asia Pacific

Europe

Rest of the World (ROW)

## **PART 8. KEY COMPANIES**

Booz Allen Hamilton Holding Corporation

Check Point Software Technologies Ltd.

Cisco Systems, Inc.

Fortinet, Inc.

International Business Machines Corporation

Microsoft Corporation

NortonLifeLock Inc.

Palo Alto Networks, Inc.

Thales Group
