Abstracts

Hair care products are those that help to control the properties and behavior of the hair so that it can be maintained in a controlled and desirable manner. The hair care products market in Indonesia is poised to grow by US\$ 1,133 million during 2021-2027, progressing at a CAGR of 8.7% during the forecast period, according to data and analytics company StrategyHelix. Continuously rising personnel disposable income levels, increasing adoption of a modern approach to grooming practices, increasing cases of hair loss among men, coupled with the rising prevalence of scalp disorders and hair loss are expected to boost the market growth in the coming years.

The report provides up-to-date market size data for period 2017-2020 and forecast to 2027 covering key market aspects like sales value for hair care products. The Indonesia hair care products market is segmented on the basis of price range, product, and distribution channel. By price range, the hair care products market in Indonesia has been segmented into prestige product, mass product. In 2020, the mass product segment made up the largest share of revenue generated by the hair care products market. Based upon product, the hair care products market in Indonesia is categorized into shampoos, hair colorants, conditioners, perms and relaxants, styling products, hair loss treatments, salon hair care. The shampoos segment was the largest contributor to the Indonesia hair care products market in 2020. On the basis of distribution channel, the hair care products market in Indonesia has been segmented into supermarkets & hypermarkets, specialty stores, online retailing, others.

The conditioners market is further segmented into traditional conditioners, and intensive conditioners. Among these, the traditional conditioners segment was accounted for the highest revenue generator in 2020. Furthermore, the styling products market has been categorized into hairsprays, hair mousses, hair gels, and others. The hairsprays segment captured the largest share of the market in 2020 and is expected to maintain its dominance during the forecast period. The shampoos market is further divided into

standard shampoos, 2-in-1 shampoos, medicated shampoos, and others. According to the research, the standard shampoos segment had the largest share in the hair care products market in Indonesia.

The report also includes the profiles of leading companies such as Unilever PLC, The Procter & Gamble Company, L'Oreal S.A., Lion Corporation, Mandom Corporation.
