Abstracts

Grooming products help individuals to maintain their overall hygiene and physical appearance. A study by StrategyHelix indicates that the male grooming products market in Tanzania is anticipated to expand positively at a CAGR of 5.2% during the forecast period (2021-2027). Rising consumer disposable income, increasing consciousness among male consumers about personal wellness and appearance, increasing product availability and retail outlet, growing awareness about the importance of overall body grooming and society's influence towards aesthetically appealing looks are expected to boost the market growth in the coming years.

The report provides up-to-date market size data for period 2017-2020 and forecast to 2027 covering key market aspects like sales value for male grooming products. The Tanzania male grooming products market is segmented on the basis of price range, product, and distribution channel. Based on price range, the male grooming products market in Tanzania is categorized into prestige product, mass product. In Tanzania, the mass product segment made up the largest share of the male grooming products market. On the basis of product, the male grooming products market in Tanzania has been segmented into shaving products, razors & blades, toiletries, fragrances. The toiletries segment captured the largest share of the market in 2020. By distribution channel, the male grooming products market in Tanzania has been segmented into supermarkets & hypermarkets, specialty stores, online retailing, others.

The male toiletries market is further segmented into bath & shower, deodorants, hair care, and skin care. The deodorants segment was the largest contributor to the Tanzania male grooming products market in 2020.

Top players covered in Tanzania Male Grooming Products Market Study are Beiersdorf AG, The Procter & Gamble Company, Societe Bic S.A.
